GOMPERS IS NAMED BY BURNS

AS ONE OF MEN "HIGHER UP"
WHO KNEW ABOUT DYNAMITING

REPORTED THAT WARRANT HAS
BEEN ISSUED FOR ARREST OF
FRANK RYAN, PRESIDENT OF
IRON WORKERS.

NEW YORK, Dec. 7.—Detective
Burns today gave out an interview
bearing on the alleged implication of
President Samuel Gompers as one of
the "men higher up" in the McNa-
mara dynamiting case.

"I am satisfied," said Mr. Burns,
"that Gompers knew the first time a
piece of structural iron work was
dynamited in 1906 just who was re-
sponsible for the destruction."

It became known today that the
Federal government is closely watch-
ing the movements of President
Gompers. It is reported from Wash-
ington today that a warrant has
been issued for the arrest of Frank
Ryan, president of the structural iron
workers.

Detective Burns was very bitter in
his talk about President Gompers. He
insisted that Mr. Gompers knew
about the dynamiting and dared the
president of the American Federa-
tion of Labor to deny it in an affid-
avit. Mr. Burns declares himself
friendly to "honest" labor organiza-
tions, but demands "drastic action to
suppress the corrupt machine now
controlling organized labor." He says
President Gompers has "deceived or-
ganized labor."

Believes Gompers Guiltless—
WASHINGTON, Dec. 7.—Stanley
Finch, chief of the bureau of inves-
tigation for the department of justice
of the United States government, de-
clared today he believes President
Gompers had no guilty knowledge of
the dynamiting to which the Mc-
Namara have pleaded guilty in Cali-
fornia.

Ryan Has No Fears—
WASHINGTON, Dec. 7.—President
Frank Ryan of the structural iron
workers, who is here on business,
said today: "I don't believe the of-
ficers of the law are after me. It
is absurd. If the secret service men
want me I am here, and have been
here two days. Up to this time no
move has been made to place me
under arrest."

President Ryan refused to further
discuss the matter. He leaves to-
night for Indianapolis.

Attorney E. F. Oates returned last
night from a several days' sojourn
at DeLand, where he has been with
Messrs. Hubert Hammond, F. W.
Orr and W. A. Fildmore of Chicago.

HANG ARABS. WHO FIRED ON NURSES

EXPOSE BODIES TWO DAYS
AS EXAMPLE TO ALL OTHERS

ITALIAN SOLDIERS SHOW NO
MERCY TO ARABS WHO AT-
TEMPTED TO KILL MEMBERS
OF THE RED CROSS.

TRIPOLI, Dec. 7.—Fourteen Arabs,
convicted of firing upon the Red
Cross nurses and surgeons, were
hanged by the Italian soldiers at
sunrise this morning.

As a warning to all others that
the nurses and surgeons must be
protected the bodies of the hanged
men were ordered to be exposed to
the public for a period of 48 hours.

McNAMARAS AND McMANIGAL GO BEFORE THE GRAND JURY

BELIEVED BROTHERS WILL AT
THIS TIME TELL ALL THEY IN-
TEND TO TELL PUBLIC ABOUT
DYNAMITING.

LOS ANGELES, Dec. 7.—Ortie Mc-
Manigal, who turned state's evidence
and brought about the arrest of the
McNamara brothers for the dynamit-
ing outrages, was before the grand
jury for examination today. Both
the McNamaras will appear before the
grand jury this afternoon and it is
believed they will tell all they in-
tend to tell while submitting to the
examination today.

CHORUS LADY ATTRACTION AT THE THEATER TONIGHT.

The coming of the big comedy
success, "The Chorus Lady," tonight
is heralded with delight by the pa-
trons of the Daytona theater where
she will appear. One of the best
and most laughable scenes in the
play is the famous dressing room
scene in the second act, which de-
picts the chorus room of the Broad-
way theater, New York, occupied by
the girls of the musical comedy com-
pany. The play was written by
James Forbes, author of "The Trav-
elling Salesman" and "The Commu-
tation," and comes here with the en-
dorsement that follows a year's run
in New York, nine months in Bos-
ton, six months in Chicago, and
four months in London, England. The
company carries its own production,
occupying a car, and does not use
any of the local theater's scenery,
which will insure a treat to the eye.

ORMOND

ORMOND, Dec. 6.—M. Rippey, wife
and two children of Cincinnati, O.,
are at present stopping at Miss Alice
McNary's cottage. Mr. Rippey has
purchased a lot from the Corbin es-

thereon early next spring.

Mrs. Arthur Lawrence, child and
nurse, Mrs. Day, have arrived from
Yonkers, N. Y., and are stopping
temporarily at Rose Villa. M. J.
Lawrence, Mrs. Rigby, child and
nurse are expected in about ten
days.

of New York, are stopping at Mil-
dred Villa, also Mrs. D. C. Freen of
Chicago.

Lou Ritchie of the Chicago Na-
tional League and Will Hinchman of
the American Association, accom-
panied by his wife and Mrs. Hinch-
man's sister, have arrived for the
winter season. Mr. Ritchie and Mr.
Hinchman have each brought with
them an up to date motor cycle.

If you would enjoy a good after-
noon or evening treat go to Spark's
circuit at Daytona, Tuesday, Dec. 12.
You will be well repaid and not
come away disappointed, at least
that is the positive guarantee of
the management. So go if you can.
Congratulations to Mr. and Mrs.
L. E. Bostrum on the arrival of a
new son, born Wednesday, the 6th
inst.

Mr. and Mrs. Iseal Putnam have

11 JURORS FOR TRIAL OF PACKERS

ONE JURYMEN TAKEN SICK
AND CONDITION IS SERIOUS

EXPECTED, HOWEVER, TRIAL
WILL NOW PROCEED RAPIDLY
BEFORE JUDGE CARPENTER IN
CHICAGO.

CHICAGO, Dec. 7.—With 11 jurors
in the box when the trial of the ten
millionaire meat packers was re-
sumed before Judge Carpenter this
morning, it was believed the 12th
juror would be selected before eight,
so the trial could be started in
earnest tomorrow morning.

The jury as selected is composed
of five farmers, five business men
and one telephone employee. Jurymen
Thomas Brown was seized with an
attack of pleurisy at noon and this
afternoon his condition is reported
to be serious. If his condition does
not prevent it is expected the trial
will proceed in the morning.

The court room has been crowded
with interested spectators all day.

QUIET ELECTION IN GEORGIA LIGHT VOTE IS BEING POLLED

CITIZENS IN NEIGHBORING
STATE MAKE SELECTION FOR
GOVERNOR AND STATE LABOR
COMMISSIONER.

ATLANTA, Ga., Dec. 7.—Citizens
of Georgia are voting in the pri-
maries today for governor and state
labor commissioner. Pope Brown,
who stands for state wide prohibi-
tion, Richard Russell, who champions
local option, and former Governor Jo-
seph Brown are the gubernatorial
candidates.

Reports from over the state are
the weather is ideal for the election,
but a light vote is being cast and
there is no excitement.

The reports received up to 1 o'clock
this afternoon indicate the pri-
mary election will be very close. The
two Browns appear to be leading in
the gubernatorial fight.

BABY HOLDS A RECORD OF 10,000 MILES

BUT 14 MONTHS OLD AND HAS
TRAVELED THAT FAR IN AUTO

YOUNG GUEST NOW STOPPING
AT THE GABLES HAS SEEN
MORE COUNTRY THAN MANY
MUCH OLDER PEOPLE.

There are few people in the city
of Daytona, in fact not many in the
country who have traveled 10,000
miles by automobile in 14 months,
but this is a record held by a baby
of that age now enjoying life at the
Gables. The baby is with its par-
ents, Mr. and Mrs. W. C. Smith, of
New York City, who recently arrived
here, making the entire trip by au-
tomobile. Mr. and Mrs. Smith are
automobile enthusiasts and the 14-
month-old baby has traveled 10,000
miles with its parents.

When Mr. and Mrs. Smith and fam-
ily left New York for their automo-
bile trip to Florida they planned to
spend the winter at Tampa, but as
soon as they reached Daytona the
plans for proceeding to Tampa were
discarded as Daytona looks good
enough to them. They now plan to
remain here for the winter, making
frequent trips to points in the in-
terior of the state in their big Winton
"Six."

BODY OF DEAD PIONEER IN FINAL RESTING PLACE

LARGE CONCOURSE OF PEOPLE
PAY FINAL TRIBUTE TO GIS-
SON W. HARRIS TODAY—BUR-
IED IN PINWOOD CEMETERY.

Followed to its final resting place
by many of the remaining pioneers
of this locality, the body of Gibson
W. Harris, who died at his home in
Holly Hill shortly before midnight
Tuesday, was today placed in Pine-
wood cemetery, beside the remains
of his wife, who died four years ago.

The funeral services were held at
the home in Holly Hill at 10 o'clock
this forenoon, Rev. D. H. Rutter of
this city, officiating. Mr. Harris was
one of the early settlers of this sec-
tion and a large concourse of friends
attended the services and paid their
final tribute to the dead pioneer by
escorting his body to the grave. The
pall bearers were Geo. F. Smith, W.
H. Edmondson, W. H. Heath, Geo.
H. Clark, William Atwood and
Laurence Thompson.

The funeral was in charge of the
Bingham & Maley company.

OPPOSED TO FISH FACTORY COMING HERE

WILL DRIVE AWAY GAME FISH
AND DESTROY REAL SPORT

FISHING FLEET WITH CAPACITY
OF 10,000 BARRELS PER DAY
TO FISH OFF COAST FROM NEW
SMYRNA.

The floating fish factory Mills has
arrived at Fernandina and is ex-
pected to arrive in this vicinity in a
few days. The plan is for the big
oil factory to work off the coast
from New Smyrna during the re-
minder of the winter and through
the spring, sealing menhaden and
grinding out the oil. The big factory
employs about 300 men when it is
running full time both night and
day and will remain in these waters
until the middle of May if the men
are successful in finding the men-
haden as expected.

The Mills and its accompanying
boats is owned by a big fish oil con-
cern in Philadelphia and there seems
to be a difference of opinion as to
whether the fleet of fishing boats in
desired in this vicinity. By some it
is claimed the fishermen, while sup-
posedly fishing only for menhaden,
note no distinction between that kind
of fish and any other kind which is
caught in the nets and that all kinds
of fish are tossed into the grinding
machines and ground up into oil, the
refuse being made into fertilizer. It
is also claimed that even if menhad-
den is the only kind of fish taken in
the nets this destroys the kind of
fish on which the other fish feed and
a consequence will be that the
game fish will all be compelled to
leave this vicinity.

The boats employ several hundred
men in carrying on the work, but
the regulations of the United States
require the boats to work outside of
three miles from the shore line and
the fact that these men are employed
in this vicinity will be of no benefit
to the community. All supplies are
brought by ship from Philadelphia
and all of the men live and remain
on the ships, seldom, if ever, com-
ing ashore. If the ships remain in
this vicinity it is probable none of
the men will be seen on shore during
the winter months.

The Mills is the only floating fish
factory in the world, except one
working off the coast of Africa, and
is accompanied by four steam fishing
vessels, each with a capacity of 125
tons of fish. The steam fishing
boats employ about 32 men each,
making a total of practically 425
men which the fleet will employ
when working full time. The seals,
or purse nets, are a quarter of a
mile long and 100 feet wide or deep
and have caught 2,000 barrels of fish
at one time. The boats carry about
3,000 barrels.

The factory is 300 feet long, 50
feet wide and draws 22 feet of water.
It has endless bucket elevators to
lower into the fishing boats to un-
load the fish. It has the finest ma-
chinery made and cost \$800,000. The
factory handles and presses into oil
and scrap about 10,000 barrels of
fish every day.

During the summer months the
big factory operates in the north,
because the menhaden are fatter
and furnish more oil there in summer.
It is said the authorities of the state
of New Jersey have been trying for
several years to drive the factory and
fishing boats away from the coast
of that state because the destroying
of the menhaden has resulted in
driving from these waters the game
fish and the consequent spoiling of

JUST GOSSIP

BY THE GOSSIPER.

Tom Melton is a kind-hearted fellow, but Tom Melton is the marshal of the city of Daytona, and there are times when it becomes necessary for a police officer to discard his kind-hearted ways and soft-pedal tendencies and jump in hard with both feet and a couple of arms. There is an ordinance in the city of Daytona which calls for cleanliness in the matter of yards, alleys and streets and Tom Melton as head and principal part of the police department of the city proposes to see that ordinance is enforced, enforced to the letter and enforced right away. However, there is no tendency on the part of Police Chief Tom Melton to work any hardships on any citizen in the matter of cleaning up and keeping clean, so the marshal has been going around quietly warning property owners to clean up. These warnings are being given largely in the way of suggestions, and it's wise to clean up if you want to continue to see the sunny side of Tom's disposition.

OPPOSED TO FISH FACTORY COMING HERE

(continued from first page.)

hook and line fishing. It is also claimed the fishing boats do not always regard the regulations of the United States forbidding them to come closer than three miles from shore but frequently come in as close to shore as possible, because the menhaden fishing is better nearer the land, which has the effect of driving the game fish out into deeper water.

The sporting anglers of this vicinity are for the most part strongly opposed to the operations of this fishing fleet in these waters and the operations will be closely watched if it comes into this vicinity.

D. A. R. MEETING WEDNESDAY WAS LARGELY ATTENDED.

The Abigail Bartholomew Chapter, D. A. R. met Wednesday afternoon at the home of Mrs. A. T. Bigelow at Seabreeze, and the meeting was a very satisfactory one, a full attendance of members and several visitors being present.

After the usual opening exercises and prayer, each member responded to roll call, Miss M. Ella DeVoy presiding, and the response called to memory the name of some early portrait painter.

The subject for the afternoon had been chosen, "Tea Parties," and the subject was covered in three sections. The first paper was given by Mrs. Chas. E. Gardner, the "Boston Tea Party;" the second by Miss S. Elizabeth Stoeber, the "Peggy Stewart," and the last the "Eddington," was given by Miss Katherine Thorp.

A short business session followed the program, after which the customary half hour of social session was enjoyed by all present, during which tempting refreshments were served.

TWO YACHTS GOING SOUTH

LAND AT THE CITY DOCK.

Wednesday afternoon shortly after the two yachts had left the city, cruising south, two more pleasure boats came through the central bridge from the north, and made a landing at the new city dock, off Orange avenue, being the first cruising boats to make a landing there.

As the two boats here in the morning were exactly alike, these were also similar, and both were the same length, 33 feet.

The first of the boats, the Betsy S., of Boston, is owned by Mr. Stackpole, his wife and Mrs. Parker, also of Boston, being in the party. They were guests at the Austin hotel while in the city. The Betsy S. left here early Thursday morning, going south to Eau Gallie, where the party will occupy a cottage for the winter, and from there make short trips in the yacht.

The other boat, the Pleasure, of Detroit, had on board Mr. and Mrs. W. Murray Smith, of Detroit. Mr. and Mrs. Smith drove from Detroit to Jacksonville with their Locomobile, stored the machine for the winter and started on a five months' cruise of Florida waters, their objective point now being Tampa.

Age, Times Are Changed!
 Guests were expected to drink too freely of liquor at parties in the South Highlands years ago, and a servant is said to have once exclaimed: "Ach, it's all changed times in Castle Grant when gentlemen are going to bed on their six best whenever."

Swiss English.
 Swiss English always seems designed to sound off the scenery with the touch of humor. For years the best in the writer's collection has been an inscription by a path leading to a waterfall near Heidelberg, which explained that a toll was necessary for "the foundation and underpinning" of that path. Until last month, however, there was nothing quite equal to the Strasbourg cathedral notice: "Express instructions to clerics during divine service. Beadle have to preserve order." But Switzerland has at least died with Germany now in the collection. In a certain Oberland valley, too unpopulated yet to be given away to name, there is a series of gates which bear a short request in Oberland German to the wayfarer to close them. And when it is translated into English "Shut up!"—London Chronicle.

 NEWSPAPER, Tenn. Mrs. Jonathan Fennell says: "I have been using your Digestive for twelve days and must say that it is the only medicine I have ever found that benefits me in the least and I have tried a number of the so-called indigestion cures without any relief whatever. I have tried medicine from various doctors without any result and what is my Digestive that after having taken the first dose I have no more of my former trouble. I can eat anything I wish by taking one tablet after meals and am feeling fine. I have been a sufferer of indigestion for more than two years."

Good Mental Tonic.
 As appearance means so much to the average woman, mentally as well as socially, the question often arises, "Is she justified in using or improving the nature of her hair?" Many of our well-known medical men think that "make-up" is as good a mental tonic as anyone can take and greatly advise its use, especially for the girl who has some slight personal deficiency, a wart, a poor complexion or balding hair, for the knowledge of her defects makes her shy and often times ugly and miserable.
